Roll Call for Red Cross to Begin Nov. 11

Workers Organized To Solicit for Members

Every man and woman in Redwood City is invited to join the American Red Cross during the annual Roll Call for memberships held between Armistice Day and Thanksgiving, November 11-30.

Mrs. Zepho T. Thorning, chairman of the local chapter, in extending the invitation declares that never before in the 52 years of Red Cross history have so many people in this state been direct or indirect beneficiaries of Red Cross services.

Enthusiastic volunteers are organizing under the leadership of Dr. W. H. Taylor, roll call chairman, to conduct the enrollment, confident of achieving their goal.

Dr. Taylor has enlisted the cooperation of many local leaders who will conduct the canvass. These include representatives of practically all local organizations, many of whom met at the chamber of commerce last night.

Between now and Armistice Day, the opening of the membership campaign, local workers will place in strategic positions, Red Cross posters with their symbolic figure pleading for the relief of those in need, window cards visualizing the massing of Red Cross colors, and other informative literature.

Chairman Taylor also asks that all citizens be ready to enroll when the Red Cross canvassers call, thereby making possible a quick and thorough enrollment of the community without the necessity of second trips.

Every new member receives a Red Cross button and from the windows of homes will be displayed stickers bearing a large Red Cross, and where all members of the family join they will receive a Red Cross window flag indicating "Every Member of This Family Has Joined."

Memberships are designated as follows: Annual, $1; contributing, $5; sustaining, $10, and supporting, $25.

All except 50 cents of each membership goes to support activities of the local Red Cross chapter.

Another meeting of roll call workers will be held next Tuesday at 7:30 in the chamber of commerce, when materials will be given out and final instructions issued.

San Mateo Wins Fire Truck-Car Collision Suit

Suit of Mrs. Rose Larkim of Redwood City to collect $45,000 against the city of San Mateo for injuries incurred when a fire truck collided on the Bayshore highway July 11, 1932, with a car in which she was riding went against her late Monday.

A jury in Superior Judge Maxwell McNutt's court refused to allow her any damages, giving judgment in favor of the city. John T. Larkim joined her in the action. G. W. Crossland was foreman of the jury.

Mrs. Larkim was riding as a guest in the car of Frank R. McClellan at the time of the accident. He was also sued as a defendant. The jury brought in its verdict at 6 o'clock after deliberating 45 minutes.

Rich Husband Left Her With 4c, Says Wife

Request of Mrs. Alecia McDonald, 18, of San Mateo, for $500 temporary alimony pending the outcome of her suit for separate maintenance against James McDonald III, 20, was taken under submission Monday by Superior Judge Franklin Swart. The judge admonished the attorneys to "get together" and settle their differences.

Mrs. McDonald, taking the stand, testified that her husband left her destitute with only four cents to her name when they separated a few weeks ago. She said she had not funds for food or clothing. She said up to the time of their separation they had $800 per month income.

Young McDonald, according to Attorney James F. Ailshie Jr., of Boise, Idaho, who appeared as a witness, is receiving $10,000 per year from the estate of his grandfather, James McDonald Sr., who was one of the founders of the Standard Oil Company.

The boy, he said, has a million dollars built up in a surplus income fund which will come to him when he is 30.

Mrs. Beulah Martin, the boy's mother, who today filed a cross-complaint by which he asks to have the young couple's marriage annulled, told of the danger that the litigation may cause the boy's income to be cut off.

Mrs. Martin, now the wife of a Burlingame artist, sat with her husband and two sons while Mrs. McDonald told her story.

Also on the stand was Dr. Orah Knapp Allen, San Francisco woman doctor, who said that Mrs. McDonald is expecting an heir in five months.

The McDonalds were married in Elko, Nev., in an elopement on June 7, 1932. The annulment is based upon lack of consent.

Attorney C. Harold Caulfield, representing Mrs. McDonald, said that Mrs. Martin is receiving $25,000 yearly alimony from her divorced husband, James McDonald Jr., of Hailey, Ida.

Attorney U. S. Webb represented Mrs. Martin.

Youth Gravely Shot As Friend Plays With Gun

Pete Massolo, 20, of Millbrae, battled for his life in the Mills Memorial Hospital, San Mateo, Monday after being shot accidentally by his best friend, Louis Beltramo, 19, Millbrae farm hand, while the two were playing with an old-fashioned "bulldog" type of revolver.

The Massolo youth had been visiting at the Beltramo home and had stayed for dinner. Later the pair amused themselves by loading and unloading and twirling the gun.

It accidentally went off and the bullet penetrated above the Massolo youth's stomach. The bullet lodged in the back near the spine.

Taken to Mills hospital, the youth was given a fifty-fifty chance of surviving.

Deputy Sheriff Belton Rhodes of Sheriff James J. McGrath's office made the investigation and reported the shooting as accidental.

La Honda Rd. Job Approved By Co. Board

1.7 Miles West of Skyline to Be Graded And Paved

Grading and paving of 1.7 miles of the La Honda road from Week's ranch to Woodruff creek, west of the Skyline intersection, had the approval oday of he board of supervisrs.

The paving will cost $14,205 for labor, and will give 4,735 man days of employment.

This is a similar project to the one now being carried on at the Memorial Park and is designed to cover the maximum use of unskilled labor and the minimum of machinery.

The project was submitted by the citizens' relief committee, and won the approval of the board on motion of Supervisor Rosalie Brown, seconded by Supervisor John W. Poole, Redwood City.

Supervisor Albert Witt, Colma, who would not vote, demanded that the board compel County Engineer James S. James to employ a proportionate number of men from the First District on county relief projects. The board did not heed the demand.

Witt, who has persistently criticised the engineer, said at the meeting that he would prefer "charges" against James, but did not enlarge upon his remark.

James said he welcomed any accusations which Witt might bring.

Boat Towing Barge to R.C. Lost In Fire

Two boatmen suffered burns Wednesday before sailors from the U. S. S. Maryland saved the pair from a small boat which caught fire off Hunters' Point.

The boatmen were Roy Peterson and his nephew, James Sooman, 19. According to the United Press they were towing a barge with their 50 foot motor boat when the motor backfired, igniting gasoline in the carburetor. The craft burst into flames.

Officers of the Maryland, which was anchored nearby, saw the flaming boat and sent out a motorboat to take the imperiled crew aboard. The boat burned to the water line and sank.

Peterson and his nephew were towing the barge to Redwood City to pick up a load of salt.

SCOTT ABANDONS PLAN TO TEST OPTION BETS

CHARGES of violating the gambling laws in the use of the option system of betting at the Baden Kennel Club in South San Francisco were dismissed on Wednesday against George Kneese, secretary of the club, and three track employes, by Superior Judge W. F. James of San Jose, sitting here.

The dismissal was requested by District Attorney Edmund Scott on the ground of "insufficiency of evidence" to secure convictions. When granted, the dismisal put an end to the plan of the county counsellor to test the legality of the option system.

Scott announced that he will press his injunction proceedings to abate the track as a public nuisance for permitting alleged gambling law violations.

This question, also before Judge James, was continued to November 27.

The continuance was necessary when Attorney H. C. Faulkner, representing the Baden interests, argued his demurrer attacking the sufficiency of the district attorney's complaint.

Judge James took the matter under submission and advised the attorneys to submit their cases on briefs to him within the next 25 days.

Scott's position in asking the dismissal of the gambling charges is that if he succeeds in the abatement proceedings the track will be permanently closed.

If he failed to secure a conviction, the dog track interests would seize the opportunity to reopen and resume the use of the option system. This would mean no permanent relief, Scott said.

The evidence which Scott considered insufficient was obtained by Constable Silvio Landini of Colma in three raids on the Baden club.

Following an illness of six weeks, Pierre E. H. de Saisset passed away early on Wednesday at his home on the Canada road in Woodside, where he has resided for the past six years. Shortly after he removed to San Jose, where he became a pioneer resident. He was at one time French consul of San Francisco, and for many years served as a vice-consul.

Supervisor's Mother Dies From Injuries

Mrs. Elise Witt, mother of Supervisor Albert Witt, passed away in St. Luke's Hospital, San Francisco, at 4 a. m. Wednesday, following fatal injuries incurred October 26 in Colma when run down by a dairy truck.

The victim failed to rally from the effects of shock which followed the severance of both her legs at the hips. She was operated upon in an effort to save her life. Both legs had been crushed by the truck.

Mrs. Witt, a pioneer of the Colma section of San Mateo county, was the wife of Albert Witt Sr., Colma dairy company proprietor. She was a native of Germany.

Besides Supervisor Witt, she left a daughter, Mrs. Anita E. Heitman, and a brother, Fred Bolkmann.

Funeral services will be held in the chapel at Lasswell's in Daly City on Friday at 10:30 a. m., and at Cypress Lawn Memorial Park, where she will be buried.

Funeral services were held this afternoon at 2 o'clock at the Layng & Tinney Funeral Home. The interment followed at Alta Mesa Memorial Park.

P. G. E. Shadow Falls On Hetchy Project

SAN FRANCISCO, Nov. 1.—That the Pacific Gas and Electric Company is fighting tooth and nail to defeat the $6,308,000 Hetch Hetchy power distribution bonds, to be voted on here next Tuesday, was the charge today from several sources.

Asserting the corporation is spending ratepayers' money in its anti-bond campaign, the San Francisco Labor Council asked the state railroad commission to "find ways and means of stopping such expenditures."

"Hundreds of P. G. & E. employes and other hired persons are making a door-to-door canvass, urging people to vote against Proposition No. 3 November 7," Edward Vandeleur, president of the labor organization, told the commission.

LOUISE FALLON

Mrs. Louise Fallon of Redwood City today filed suit for divorce here against Leo Fallon, alleging cruelty. They were married in Redwood City, June 18, 1926. She was the former Louise Fugazi. Attorney Harold E. Durst is counsel for the plaintiff.

Citations In Fatal Crash Issued Here

Debutantes, Others In Mishap to Appear Monday

Citations were sent out today by Deputy District Attorney Harold Anderson of District Attorney Edmund Scott's office summoning two society girls and others involved in a fatal accident in Brisbane yesterday for appearance here at 10 o'clock next Monday.

It will be determined at that time whether a charge of manslaughter is to be preferred.

Meanwhile, state police pushed the search for a girl believed to have been a companion of Miss Josephine Fortina, 19, of 127 Ward street, San Francisco, on the fatal Halloween night trip to the peninsula. The girl, if there was a second one, disappeared after the accident. Miss Fortina was killed outright when hurled from the car.

Arsey Sellers, 31, Fort Winfield Scott soldier, and Robert Thomas, fellow soldier, of 2436 Green street, San Francisco, who were companions of Miss Fortina, were among those cited.

Others are Miss Consuelo Tobin, daughter of J. O. Tobin, Hillsborough capitalist; Miss Christine Henry, member of a wealthy and prominent San Mateo family; Thomas Eastland Jr., socially prominent Burlingame youth; Miss Olga Kramer, chaperone to Miss Tobin, and Robert Davidson, 36, 25 California street, Burlingame, chauffeur to Miss Tobin.

Sellers, according to State Officers Frank Chevalier and Louis Rinkel, was driver of the car containing Miss Fortina. He was going north on the Bayshore and the Tobin limousine was coming south. The cars met at the Brisbane intersection.

Guns, Bullets Worth $4000 Stolen, S. M.

SAN MATEO, Oct. 30.—Theft of about 75 shotguns and rifles and 10 cases of shotgun ammunition, together worth about $4,000, was discovered today with the opening of Darcy's Sport Shop at 319 Baldwin avenue, San Mateo.

Entry to the store was effected over the week-end by several burglars who lowered themselves through a skylight and hauled the guns and ammunition away in a car or truck.

The burglars also obtained $25 from a coin box in the store.

Officer Martin McDonald, who passed the store about 8 o'clock, supplied the description of three men setting in a car nearby as the men who might have been responsible.

Joseph B. Darcy, owner of the shop, was checking the stock to determine the exact loss.

BIDS FOR COURTHOUSE ALTERATIONS AWAITED

Judge Swart Says Improvements Are Needed to Prevent Discomfort

BIDS WILL be called by County Purchasing Agent Ernest Werder within a few days for an estimated $3,000 worth of alterations affecting the county law library and district attorney's office in the courthouse.

Plans for the alterations, drawn by County Architect Will Toepke and presented to the supervisors by County Manager Walter Kellogg, were approved by the board and bids were ordered called as quickly as possible.

Superior Judge Franklin Swart, in a letter to the supervisors, vigorously protested delays in needed improvements in his courtroom.

Changes in the layout of the present offices call for a dressing room and sanitary facilities to be added to Judge Swart's chambers; a jury room and shorthand reporter's room to be made out of one end of the present law library; a public reception room leading to the district attorney's offices to take up the other half, and the present waiting room at the disrict attorney's office to become the law library.

A private corridor will be built to connect the three offices of District Attorney Edmund Scott, which will be occupied by Scott, Richard O. Bell and Harold F. Anderson.

Requests by Swart include completion of the work on the new jury box; changes to be made in the entrance door to stop constant jarring noises; attention to the courtroom seats so that squeaks may be eliminated; covering of the walls to increase audibility; replacement of the "old, dilapidated" curtain in the chambers, and placing of comfortable chairs or addition of cushions to those now in the jury box.

Judge Swart reported to the board that there were so many discomforts that the court, jurors, lawyers and witnesses were "literally exhausted" at the conclusion of every day's trial.

On a five-minute visit to Superior Judge Maxwell McNutt's court, Judge Swart discovered that "contrary conditions exist with a vengeance."

The jurist gave the board two weeks in which to get the work done or will "take such steps as are provided by law" to accomplish his demands.

Bidders for the alteration work, which will be separate from Judge Swart's demands, must be bonafide residents of San Mateo county and will be required to employ only county workmen.

Health Nurse Pay Held Up By Officials

While Dr. Harold E. Morrison, discharged San Mateo county health officer, had no trouble collecting his October pay of $400, Miss Hilda Schneider, public health nurse, had no such luck today.

When she called at County Auditor Edward Stack's office she was told that no warrant had been drawn in her favor. She and Dr. Morrison, who appointed her, made a demand for the $175 but to no avail.

Stack is being governed in the matter by the action of the board of supervisors in ordering him to withhold the nurse's pay. The supervisors charged that the hiring of Miss Schneider was an open defiance by Dr. Morrison and was the immediate cause of his own difficulties.

Attorney Joseph J. Bullock said that a "reasonable time" will be allowed for the county to pay Miss Schneider's salary. If necessary, he will take legal steps to collect it.

Disaster Relief Drill to Herald ComingRollCall

When the whistle blows here on the night of November 11, Redwood City's newly organized disaster relief force will swing into action and assemble, ready for duty.

Sponsored by the American Red Cross, the relief organization is being set up under direction of Fire Chief Mark Ryan, who is cooperating with the local Red Cross chapter, of which Mrs. Z. T. Thorning is chairman.

The purpose of the assembly is to advertise the annual Red Cross roll call, and also to test the efficiency of the disaster relief organization's man power and equipment. First aid teams, the fire departments, police department, city engineering crews and utility crews will be included in the round-up.

The place of the assembly will be announced soon.

A meeting to perfect plans for the November 11 event will be held in the Jefferson avenue fire house, corner of Myrtle street, Monday night at 7 o'clock.

Henry T. Broocks Wins Divorce Here

Henry T. Broocks today was awarded an interlocutory decree of divorce from his wife, Anna, on the ground of cruelty, following a hearing before Superior Judge Maxwell McNutt.

Three Hurt In Auto Accidents Over Week-End

Three persons were injured and a hit-run accident was reported to Redwood City police as the result of three collisions here Sunday night.

F. M. Schottler, 211 Harrison street, and a woman passenger suffered injuries when Schottler's car collided with a telegraph pole on the Middlefield road south of Redwood City, according to the report to Officers W. H. Thorpe and Harold Fitzgerald.

The woman incurred cuts on the legs and Schottler suffered a cut on the head.

Raymond Carroll, 4, riding with W. P. Evans, of the St. Joseph's Military Academy, Belmont, suffered injuries when the car of Evans and that of R. O. Hughes, 225 Douglass avenue, San Francisco, a police inspector, collided at Jefferson and Hudson.

Clifford Morehouse, 2030 Franklin street, San Francisco, reported that a car making a "U" turn on El Camino Real near Manzanita avenue struck his car and kept on going. The license number of the car was turned over to police. No one was hurt in the Morehouse car.

New Health Checkup For Mrs. Sisevich

Mrs. Gladys Sisevich, San Mateo matron awaiting sentence for manslaughter, can appear in court at any time without endangering her life, Dr. Bernard Page of San Mateo reported to Superior Judge Franklin Swart Tuesday.

Judge Swart decided, however, to appoint a commission of three doctors to make a report on her condition to make it absolutely certain that she can be moved with safety. These doctors are Dr. Page, Dr. N. D. Morrison and Dr. F. S. Gregory.

On hearing reports that Mrs. Sisevich may be operated on tomorrow, Judge Swart declared that he believed that doctors planning to operate on her when she was subject to sentence of the court were "assuming a terrible burden."

Sentence was then deferred to Monday or Tuesday of next week.

The French liner Normandie is to have a speed of 29 knots; it will be faster than any other passenger ship now in service.

COURT HALTS SHERIFF IN MORRISON EVICTION

Judge McNutt Orders Supervisors to Legally Support Ouster

DR. HAROLD E. MORRISON, ousted San Mateo county health officer, was freed Monday from self-imprisonment in the Community Hospital when Superior Judge Maxwell McNutt restrained Sheriff James J. McGrath from evicting him or from interfering in the discharge of his duties.

Judge McNutt granted Attorney J. J. Bullock's request for a writ of review compelling the supervisors to come into court November 8 and support their discharge of Dr. Morrison on legal grounds.

The jurist instructed Board Clerk Elmore B. Hinman to prepare a transcript of the record pertaining to Dr. Morrison's ouster.

If the court finds that Dr. Morrison was illegally removed from office, re-instatement is expected to follow.

Bullock, in asking for a writ of review, charged that the supervisors were without legal grounds in ousting the new health officer.

Sheriff McGrath, who had been ordered yesterday noon to forcefully remove Dr. Morrison from his offices, hesitated on the fear that his acts would jeopardize his bondsmen.

Bullock, meanwhile, seized the delay in carrying out the board's demands, by taking the issue to court and securing the restraining order.

The board was reported to have planned to change the locks on the Morrison offices at the hospital just as soon as Sheriff McGrath completed the eviction.

The plan failed, however, when Judge McNutt ordered the sheriff and the supervisors not to interfere with the health officer in any way pending a review of the ouster.

Dr. Morrison left the hospital the minute that his attorney advised him that it was safe. He can go and come to and from the hospital now as he pleases and does not need to fear that he will be locked out.

The health chief also can get a good night's rest at home instead of sleeping on an improvised bed in his offices, and need not forage in the hospital cupboard for his food.

PLUMBING ORDINANCE PASSED BY SUPERVISORS

Adoption of a plumbing ordinance for the unincorporated area of San Mateo county was voted Monday by the board of supervisors.

The motion for adoption was made by Supervisor Manuel Francis, Half Moon Bay, and was seconded by Supervisor John Poole, Redwood City.

It was presented by William Watson Jr., building inspector, and had the support of William Logue Jr., building trades representative.

The ordinance requires permits and the payment of fees for all plumbing installations or substantial changes in existing plumbing.

Resignations of Mrs. Harry Dana and A. W. Deuel as members of the county board were not accepted by the board, and a request for "reconsideration" will be sent them.

Mrs. Mona Christensen of North Palo Alto appeared to request the loan of trucks for repair of Oak street, near Pope street, in North Palo Alto, which request was granted.

The board ordered new bids called for rental of steam shovels on the proposed mile and one-quarter development of the county highway through Memorial Park, delaying this work for a week or more.

Surveyor James S. James presented the bid of the Casey company calling for a rental of $51, as against a former bid of $40. The increase was made necessary because of the adoption of a California Recovery Act code for steam shovel operators.

Request of residents of Bear Gulch road for corrugated culverts where needed was granted by the board on motion of Supervisor John Poole.

The North Fair Oaks Improvement Club thanked the board for reducing county taxes.

Additional deeds for the right of way on the wider La Honda road project were accepted.

Community Beauty Pays

Ever notice how some communities both large and small, seem to attract you the moment you enter them, and make you think, "I'd like to live here?" Other localities, and perhaps equal or greater potential attractions may often make you say to yourself, "I wouldn't live here if they gave me the whole place." Wherein lies the difference?

It isn't a matter of money—of opportunities for material gain. Some sections of the country offer vastly greater material attractions than others—yet we find people swarming to the seemingly less favored sections. One store may actually sell its wares at substantially lower prices than another—but the public patronizes its higher priced competitor across the street. Why? The answer is found in that elusive thing called "atmosphere" or, in an individual "personality."

Deep in almost every human soul, no matter how humble its station, abides an often unconscious love of beauty which causes favorable reaction to cleanliness, brightness and a cheerful "atmosphere" of well-being—either in a community or a person. Few are attracted to the slovenly, the careless and the dour. None really desires to live among surroundings which are repulsive to the finer senses. Equally, they do not care to do business with communities or individuals which do not present an attractive "front."

Her Own Bitter Pill

Wonder how France will enjoy taking some of her own medicine? She's defaulted on her debts to the United States, not even condescending to make even such slight gesture of its acknowledgment as did England.

Now she's in the same boat with the United States—left holding the empty sack she expected her debtor, Brazil, to fill.

The South American republic, adopting the tactics France employed with us, has withheld payment of an installment of her debt to French bankers, and it is understood future dates will also be ignored.

Redwood City 30 Years Ago

Contractor Robert Brown has secured a contract to build a stable for W. A. Jackson of Woodside, the cost of which will be $3,000.

A local football team will go to Menlo Park tomorrow and play a game with a team composed of the young men of that place.

Walter Ray, who for a number of years drove the Knight Stage between here and Pescadero and who is known by everyone as an upright, honest, enterprising man, and Miss Jessie Hayward, daughter of B. Hayward of Pescadero, will be united in marriage at the home of the bride's brother, Assessor Clarence Hayward at San Carlos tomorrow afternoon.

Ex-Governor Budd, who returned from a trip from France last week, came to Redwood Friday and remained until Sunday on his launch which is anchored near here. Mr. Budd was accompanied by his two nieces. While in France the ex-governor bought a fine racing automobile and when he comes to town about two weeks hence he will come in his red flyer.

W. H. Johnson of Nome arrived in the United States on the steamer Senator, giving up his position with the railroad at that place to spend the winter in a more congenial climate. He stopped in Redwood on his way south to visit his sister, Mrs. Paul Princevalle, whom he has not seen in four years.

Rural free delivery of mail in the United States dates from 1897.

An Army of 10,000 Goes Daily to Work!

This is a simple story that tells itself—a story of one of the most important contributions this company has made to the welfare of the territory we serve.

During the past twelve months we have maintained a steady force of 10,000 workers. We have done this in the face of adverse business conditions, reductions in rates, and increases in taxes.

There is much talk these days of "man hours" of employment. We believe we have done our part in providing "man hours". The record shows 20,665,000 "man hours" in those twelve months. These hours represent a

$16,850,000 Payroll.

This money has supported families, maintained homes, kept children in school, and in every Northern and Central California community found its way to the grocer, the butcher, the plumber, the doctor — to every line of trade and industry.

Your utility service means more than your immediate convenience and comfort. It means the continuing daily march to work of 10,000 of your fellow citizens.

ACCEPTED AMERICAN MEDICAL ASSN. Committee on Foods

Health department tests of iodized salt bought at random from grocers showed some to be lacking in iodine that they were worthless as goiter preventives (according to Journal of American Medical Association, Dec. 19, 1931.) To make sure of getting a *reliable* brand, insist on one that bears the Seal of Acceptance of the American Medical Association's Committee on Foods. You'll find this seal on every package of Morton's Iodized Salt, which is proof that it contains sufficient iodine to protect your children from simple goiter and its accompanying physical and mental backwardness!

Christmas presents of all kinds will be offered for sale at nominal prices, and 20 decorated booths will offer displays.

Mr. C. M. Doxsee is general chairman and Mr. Caswell D. Swett is manager, with Mrs. Amelia Steffens and Mrs. John Layng as assistants. Mrs. Herman Phillips is in charge of the "Big Show," and Mrs. Rov Hohberger will present the concert. All departments of the church and Sunday school are co-operating.

That clergymen are exceptionally healthy and that appendicitis is found largely among the well-to-do, especially barristers, is shown in the registrar-general's report for England and Wales in 1931.

Garages employ 750,000 persons in the United States.

Lost 30 Pounds of Fat In 3 Months

Dizzy Spells Gone

"Today I started my 4th jar of Kruschen. First I must tell you I lost 30 lbs. in 3 months. I still wish to lose 25 or 30 lbs. I weighed 184 now I weigh 154. Do I feel good—boy I can say I feel better than I've felt in 10 years. Everything was wrong with me from headaches to backaches, my arms and hands would fall asleep at any time. They don't anymore. I used to have dizzy spells. Don't any more. Heartburn was so bad I could'nt eat or sleep. Don't have it any more." Mrs. Arthur Willette, Ferndale, Mich., Aug. 27, 1933.

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, HARMLESS way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Sequoia Pharmacy or any drugstore—the cost for a jar that lasts 4 weeks is not more than 85 cents and if after the first jar you are not joyfully satisfied with results— money back.

When you take your little daily dose of Kruschen you'll be joyfully free from constipation—you'll gain that glorious Kruschen feeling—no more headaches, acidity or shortness of breath—no more nervousness or sleepless nights.
